PROFESSIONAL SUMMARY

Full-Stack Web Developer and MCA graduate with hands-on experience building secure, scalable MERN stack applications from end to end. Skilled in REST API integration, database management, data analytics, and predictive modeling. Experienced in compliance management, cross-team coordination, and process documentation — effective across both software development and operations-driven roles.

TECHNICAL SKILLS

Languages	Java, C++, Python, JavaScript
Web	HTML5, CSS3, React.js, Node.js, Express.js, PHP, REST APIs
Databases	MySQL, MongoDB, Firebase
Tools	GitHub, Power BI, MS Office
Data & ML	Pandas, Matplotlib, Seaborn, Plotly, Scikit-Learn

WORK EXPERIENCE

Secure Web Developer | *eInfratech Solutions* *Jan 2025 – Jul 2025*

- Developed and maintained secure web applications implementing authentication, authorization, and data encryption best practices.
- Conducted vulnerability assessments, resolved security loopholes, and integrated secure APIs with cross-functional teams.

Operations Executive | *Shaan Enterprises (Client: GAIL Mangalore Petrochemicals Ltd.)* *Dec 2025 – Jun 2026*

- Managed end-to-end office administration including work permit processing, documentation, and HSE compliance; oversaw manpower deployment and attendance tracking.
- Handled material requisition, inventory tracking, daily operational reporting, and liaison between site management and client representatives.

PROJECTS

Happy Tails – Pet Store E-Commerce Platform *React.js, Node.js, MongoDB, Express.js*

- Built full-stack MERN e-commerce app with secure user authentication, product browsing, cart management, order processing, and admin dashboard.
- Implemented invoice generation, payment gateway integration, and automated email notifications for order updates.

Library Services Analytics & Predictive Modeling *Python, Pandas, Matplotlib, Seaborn, Plotly, Scikit-Learn*

- Performed exploratory data analysis (EDA) on a library management dataset to uncover user behavior patterns and prepare data for modeling.
- Applied Logistic Regression and KNN algorithms to predict user comfort levels with measurable accuracy improvements.

EDUCATION

MCA	St. Agnes College (Autonomous), Mangalore	**CGPA 7.89**	*2022–2024*
BCA	Vijaya College, Mulki	**CGPA 8.79**	*2019–2022*
PUC	Madeleine P.U. College, Mulki	**79.33%**	*2017–2019*
SSLC	Madeleine High School, Mulki	**76.48%**	*2016–2017*

CERTIFICATIONS & ACHIEVEMENTS

- Winner – Coding Event, MEDHA-23 National Technical & Cultural Fest
- Gold Certified – Data Analytics with Microsoft Power BI, NASSCOM
- NCC 'C' Certificate awarded for completing National Cadet Corps training
- Diploma in Computer Applications, Kinnigoli Institution of Computer and Fashion Technology
- Internships: AgilMinds (MERN Stack, Jun–Sep 2024) | CodSoft | Bharat Intern | SystemTron (Full-Stack Web Dev)
